

# DONKEY — THE DONKEY THAT HELPED MOSES

D

God told Moses to go to Israel to help God's people who were in Egypt. Moses had to move his whole family. There were no Moving-van Companies. There were no U-Haul trailors. There were no trucks.

It is a good thing that Moses had some donkeys.

The donkeys carried Moses' children!

The donkeys carried Moses' wife.

The donkeys carried the whole family safely to Egypt.

Read about this in Exodus 4:20.
